PAINT & COATINGS MANUFACTURING COMPANY

75 Southbelt Industrial Dr. • Houston, TX 77047

Tel: 713.799.9944 • [www.preservo.com](http://www.preservo.com)

## MILITARY SPECIFICATIONS

We offer a broad range of paint and coatings to meet Military Specifications. A single specification may contain a reference to more than one type of coating so we suggest you contact us personally to discuss the particular specification you require.

A certificate of compliance, the product technical data sheets and the material safety data sheet is provided, with your purchase, at no additional charge. We offer all of the Federal Standard 595-B colors, including fluorescent, metallic and phosphorescent. Phosphorescent is more widely known as a glow in the dark type or as a luminescent coating. The minimum, for most products, is one gallon. Please contact a sales representative for additional information.
